Member opportunity: Emergency Services AFL Match 2024

The Emergency Services AFL match is back again for 2024 and we have an exciting opportunity for lifesaving club members to be involved.

Life Saving Victoria (LSV) is thrilled to again be participating in the Emergency Services AFL match.

The match organised by Hawthorn Football Club is a celebration of the selfless work and commitment of Victorian emergency services. It will support raising vital funds for the Emergency Services Foundation, in addition to spreading awareness of the mental health issues that many in these fields experience.

It is a fantastic opportunity for LSV to come together with our emergency services colleagues and applaud the invaluable contributions of all emergency services personnel.

We are delighted to offer members the opportunity to attend the 2024 Emergency Services AFL match and participate in our pre-match activation and an on-field ceremony. Details of the event are outlined below:
